

FED-EX, UPS, USPO Home Delivery

We are entering into the Holiday Season where we all shop online and get numerous gifts and presents delivered to our homes as well as to family and friends.

Unfortunately this brings out those people who drive in our neighborhoods and steal the deliveries off our porches and steps.

The Stratford Police Department is asking that all neighbors look out for one another. We ask that anyone taking delivery of gifts and presents try to be home to receive these gifts in person or make arrangements to get them dropped off at a secure location.

The Stratford Police Department also asks all of our residents to work together in being vigilant in watching for strange cars and people in your area.

Please call police to report any suspicious activity. Attempt to write down the license plate number as well as the make, model and color of the car.

The Stratford Police Department wishes a safe and healthy holiday for all our residents and their families.
